Read the text carefully and answer the following questions.

It was very crowded at the school fun fair. Six-year-old Ginny was there with her parents and brother. They were walking past a game stall in the school hall when Ginny heard loud music coming from the stage. She decided to walk towards it to find out what was happening.

She saw a clown juggling some bowling pins on stage. He was wearing an enormous hat but it kept slipping off. Ginny wanted to watch the show so she made her way to the front of the stage. She had some trouble walking there as there were a lot of people watching the performance.

When Ginny finally got to the front of the stage, she saw the clown waving a wand over his hat and pulling out a rabbit! Everyone clapped loudly. However, this frightened the rabbit. It hopped off the stage and straight into Ginny's arms. She was shocked! She screamed and ran off with the rabbit still in her arms. The crowd burst into laughter.
