Jimmy and his father decided to do something adventurous last weekend. ~~Instead of the usual visits to the library and the cinema,~~ they decided to go on a hiking and camping trip.

That Sunday morning, his mother packed some sandwiches and canned food for the trip. After checking their things, both Jimmy and his father set off for the hills. Jimmy was ecstatic! He had never gone on a hiking trip before and was excited to see how it would be like. Jimmy's father looked at him and smiled. He was happy to see his son in such high spirits. ~~He felt exactly the same way when he had gone for his first hiking trip with his grandfather.~~

When they reached the hills, Jimmy followed behind as his father led the way through the forest. Jimmy felt like they had been climbing forever. At last, his father stopped and put his things down on the ground. Both of them were exhausted from the climb. As Jimmy looked around him, he realised that the climb was completely worth the effort. Nothing that Jimmy had ever seen came close to the view from the top of the hill. ~~The sight around them looked as if it came from a painting.~~ They felt so close to the sky and Jimmy could see the stars twinkling brightly in the dark night. They pitched their tents to settle down for the night.

That night, they cooked their food over a small fire. Jimmy's father taught him how to make a fire. ~~"You can strike two stones together, or rub the pointed ends of two twigs,"~~ he explained. Jimmy nodded in excitement.

After that, they opened up the canned food and poured it into a small pot. Then they held the pot over the fire and watched the food cook slowly. Somehow, Jimmy felt that the food tasted better than what he usually ate at home even though it was only canned food.

That night, Jimmy snuggled up to his father in their tent. ~~It had been a tiring day!~~ However, Jimmy went asleep smiling. He was happy as not only had he been able to spend time with his father, he had also experienced the great outdoors!
