Section K – Comprehension MCQ (5 x 2 mark = 10 marks)

Read the passage carefully and write the number of the correct answer in the bracket provided.

"Too boring," Patrick complained.

Patrick never did his homework. He played baseball, basketball and Nintendo instead. He just disliked homework.

Then one day, Patrick's pet cat came home with a little doll in her mouth. Patrick took the doll and had a closer look. To his surprise, it was an elf. The tiny elf yelled, "Save me! Don't give me back to that cat. I'll grant you a wish."

Patrick could not believe his ears. Immediately, he said, "If you do all my homework until the end of the semester, I shall set you free."

"Oh, how unlucky! But I'll do it," grumbled the elf. The little elf began to do Patrick's homework.

"Help me! Help me! I don't know the meaning of this word," he said.

Patrick had to check the dictionary and look up the word. When it came to Mathematics, Patrick had to think of the solutions to the problem sums. He was working harder than ever, staying up till very late at night.

Finally, the last day of school arrived. Patrick did very well for all his subjects. His classmates were amazed and his teachers were full of praises for him. They were proud of him.
