3. 10 more than 799 is _____.

    (1) 699

    (2) 789

    (3) 809

    (4) 899

(   )

4. The sum of 54 and 3 hundreds is _____.

    (1) 57

    (2) 84

    (3) 354

    (4) 543

(   )

5. Find the value of 825 − 342.

    (1) 473

    (2) 483

    (3) 523

    (4) 583

(   )

Write the answer in the boxes provided. Show all workings clearly.

6. Write 941 in **words**.

```
┌──────────────────────────────────────────────────┐
│                                                  │
│                                                  │
│                                                  │
└──────────────────────────────────────────────────┘
```

7. $432 = 400 +$ ☐ $+ 2$

8. The cars below have numbers on them.

613   415   145

Which car has '1' in the tens place and the digit in the hundreds place is smaller than 5.
The car number is ☐ .

9. You are given 4 cards as shown.

| 5 | 9 | 2 | 3 |

Use these three cards to form the smallest 3-digit **even** number. Use each card only **once**.

What is this number?
